

# Hi-LED 55

Seamless, modular  
LED video walls

**Aluvision**  
EXHIBITS & EVENTS

# Our mission is imagineering. We inspire & connect partners on their creative journey to design & build modular environments.

Aluvision is a first-generation manufacturing company where passion and drive are core elements. A family business started by a strong couple, Ann Vancoillie and Dirk Deleu. Aluvision tells a story of ambition, challenge and growth. We dare to dream, but at the same time we like a 'no-nonsense' approach. Durability, precision and high-quality finished products are the core concepts of the Aluvision story.

Founded in Belgium in 2003, Aluvision currently services more than 3000 partners worldwide. The company has large production facilities and inspiring showrooms in Deinze (BE) and Atlanta (USA).

As an innovative developer & worldwide supplier of high-quality modular systems for indoor & outdoor environments, Aluvision combines bold imagination with unmatched engineering and manufacturing expertise.

Original manufacturer of the Aluvision system.

## Create a powerful visual experience

Boost your presence! With Aluvision's integrated LED video walls, an extra dimension has been added to the renowned, original Aluvision frame system. The Hi-LED 55 is the most versatile tile that can be incorporated into a modular building system. Its unique dimensions of 496x496x55 mm allow a seamless integration of LED screens into the modular constructions. The combination of the Hi-LED 55 and the Aluvision frames offers a lightweight, sleek, easy-to-install, yet very solid end result. Enjoy a brilliant visual experience guaranteed by the 2.8 and 2.5 pixel pitch, CrystalView technology and premium level flatness.

## Why choose Hi-LED 55?

- ✓ Straight & curved LED tiles for walls, ceilings and floors
- ✓ Advanced all-in-one design
- ✓ Quick, easy and toolless installation
- ✓ Full front & rear maintenance (both LED modules and power box)
- ✓ Raised flooring system
- ✓ One tile, endless solutions: Hi-LED 55+
- ✓ Specially developed flight cases for secure transportation
- ✓ Endless possibilities for assembly, including concave and convex mounting

# Straight tiles

The most versatile LED tile available for seamless integration in a modular system. The patented, matte black click mask and black faced LEDs guarantee optimal contrast, ensuring vivid, crisp images and a supreme image quality.

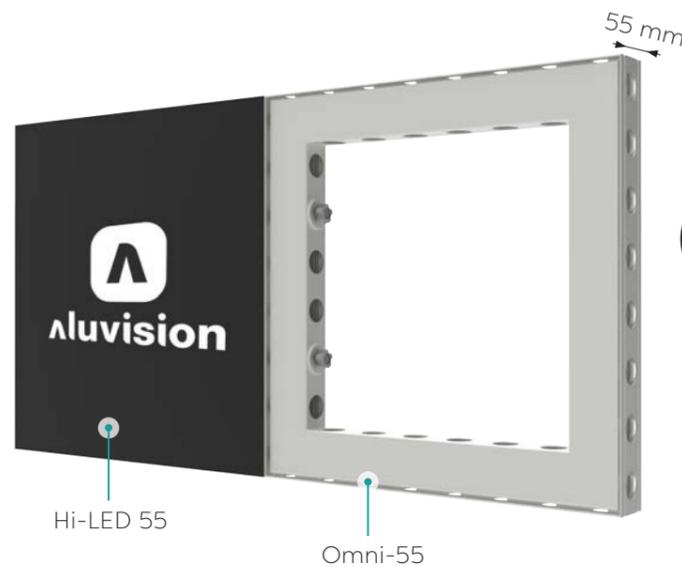

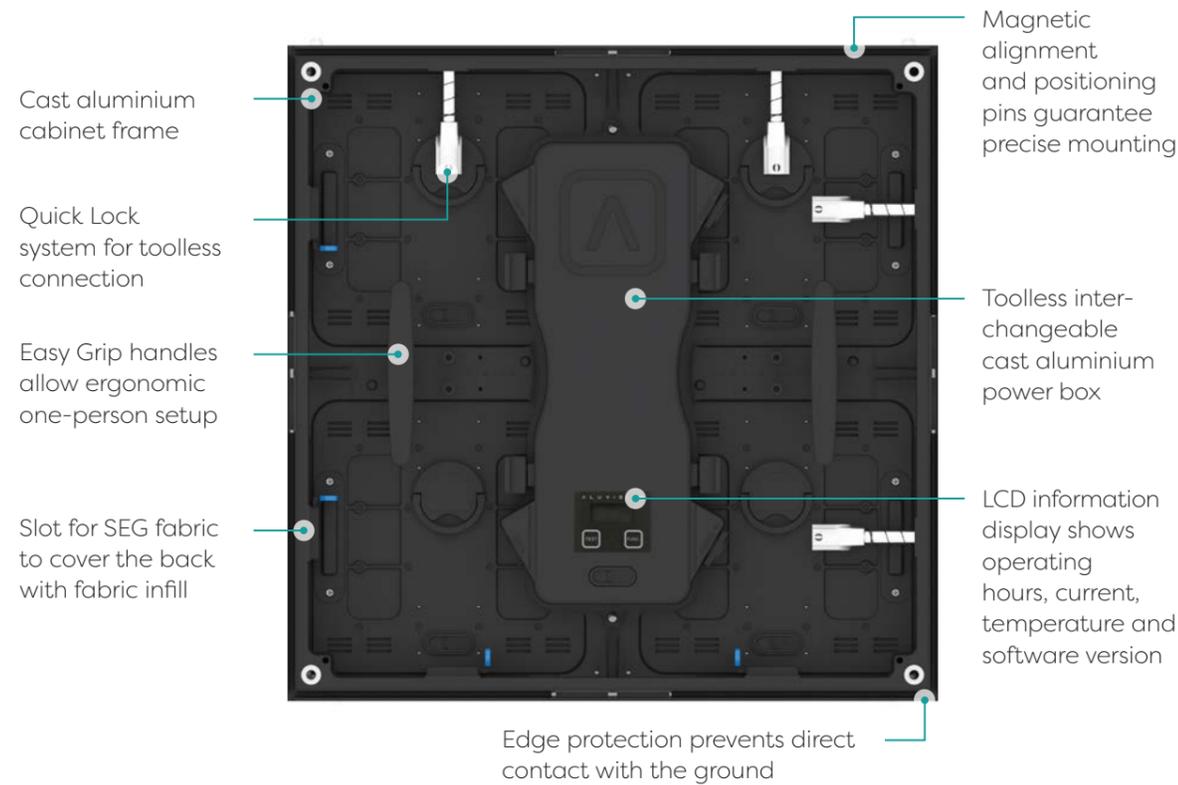

Unique dimensions:  
496x496x55 mm

Pixel pitch:  
2.8 or 2.5 mm

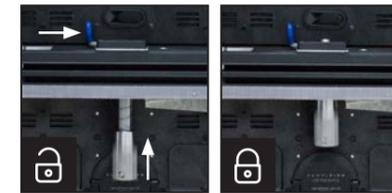

# Advanced all-in-one design

**Flush integration with the original Aluvision frame system**

# Quick and easy installation

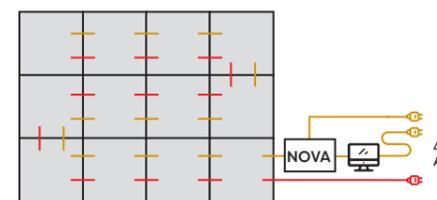

- 1 Magnetic alignment & positioning pins ensure **precise mounting**
- 2 **Easy Grip handles** allow ergonomic one-person setup
- 3 Outdoor-ready and interchangeable **power box**
- 4 **Quick Lock system** for toolless fixation

- 5 **Effortless wiring** with silicone rubber Super Flex power cable

— signal/data — power

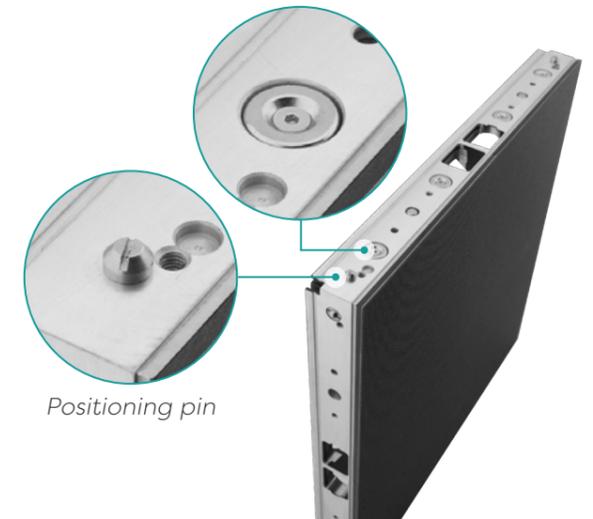

Hi-LED 55 chain

- **Signal/data cable:** connect up to 20 cabinets (2.8) / 17 cabinets (2.5) by using 1 cable
- **Power cable:** connect up to 18 cabinets (2.8) / 17 cabinets (2.5) by using 1 cable
- Both cables are **outdoor-ready**

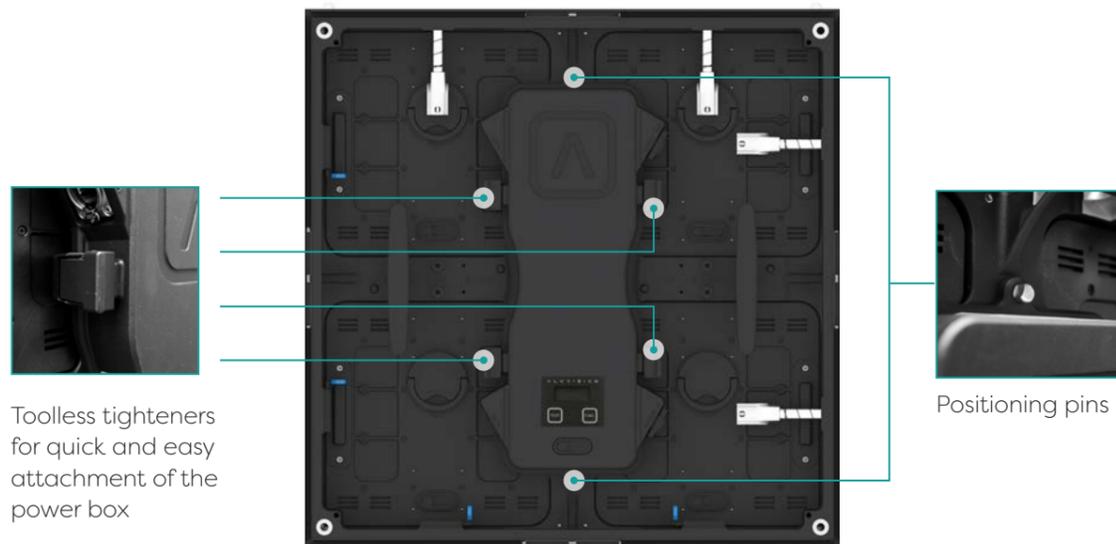

Magnetic alignment

# Full front and rear maintenance

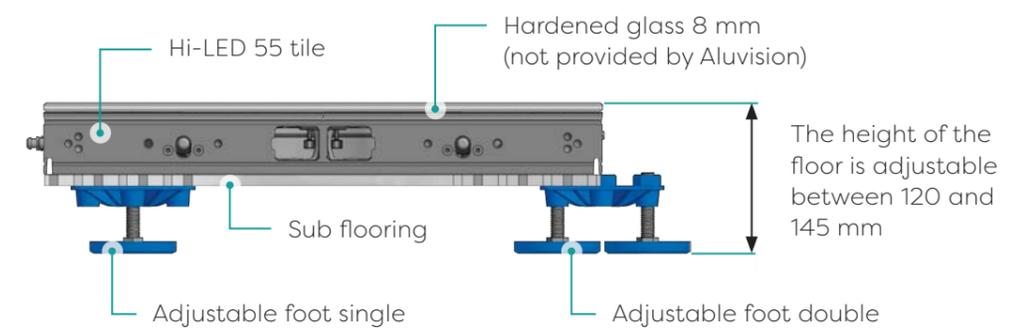

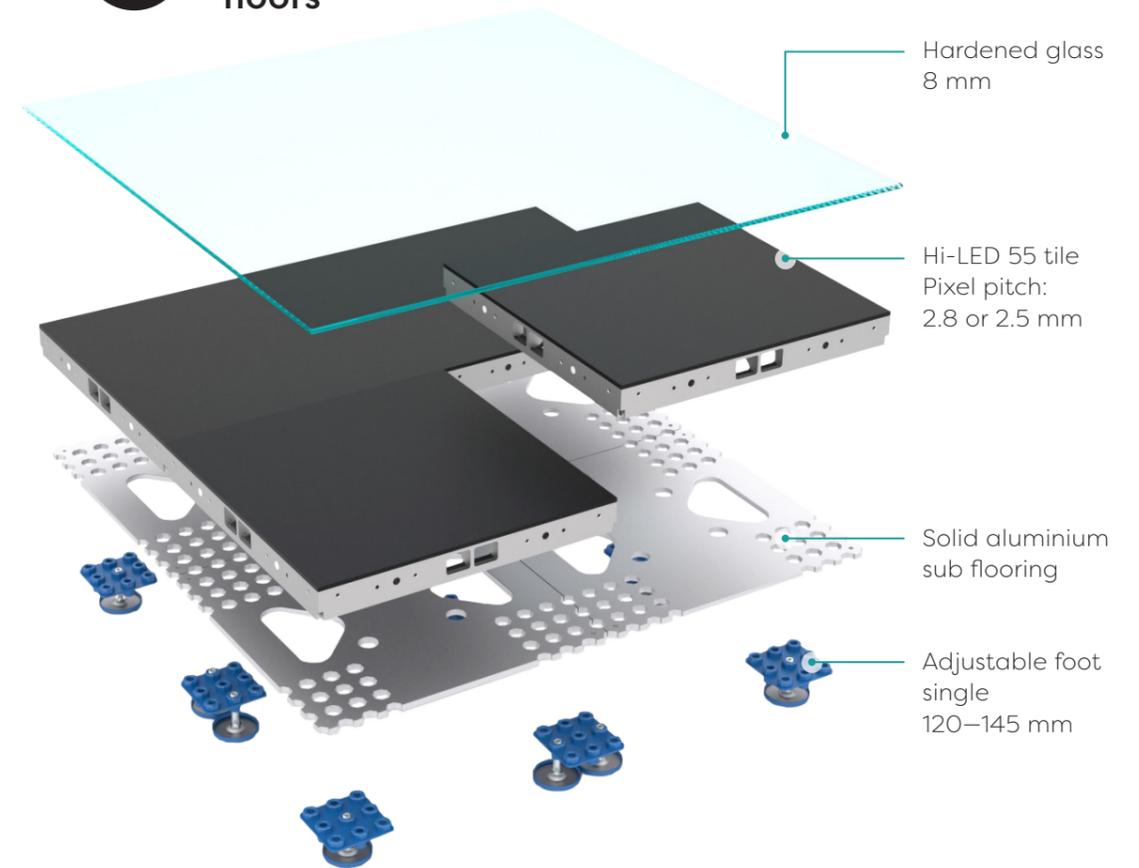

**i** Front and rear access to interchangeable power box and LED modules

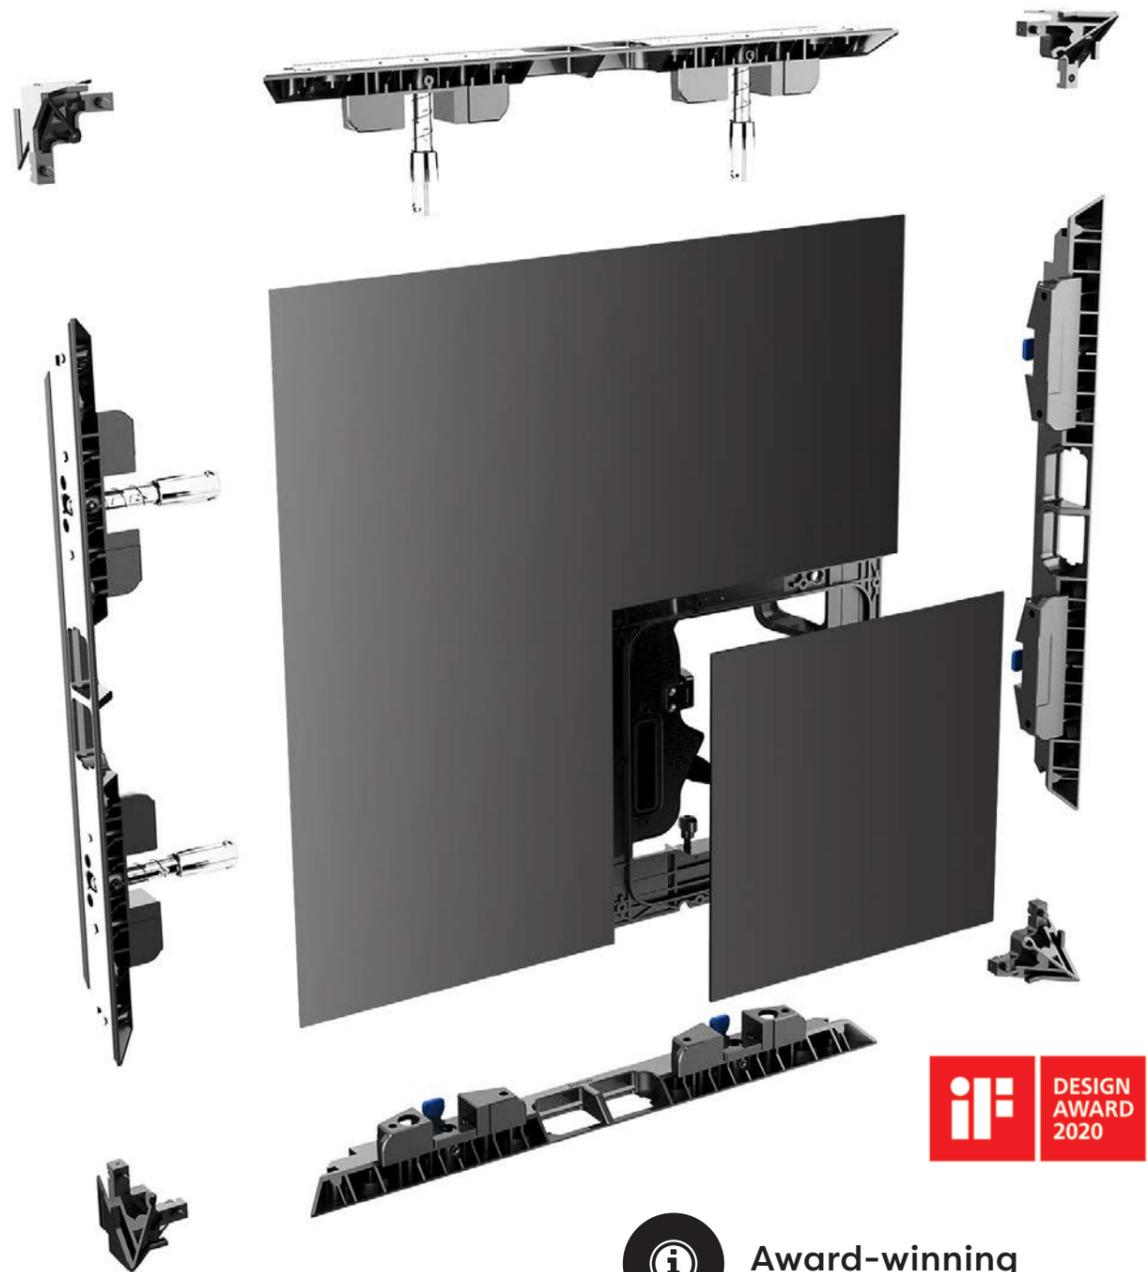

# Raised flooring system

**i** Hi-LED 55 for floors

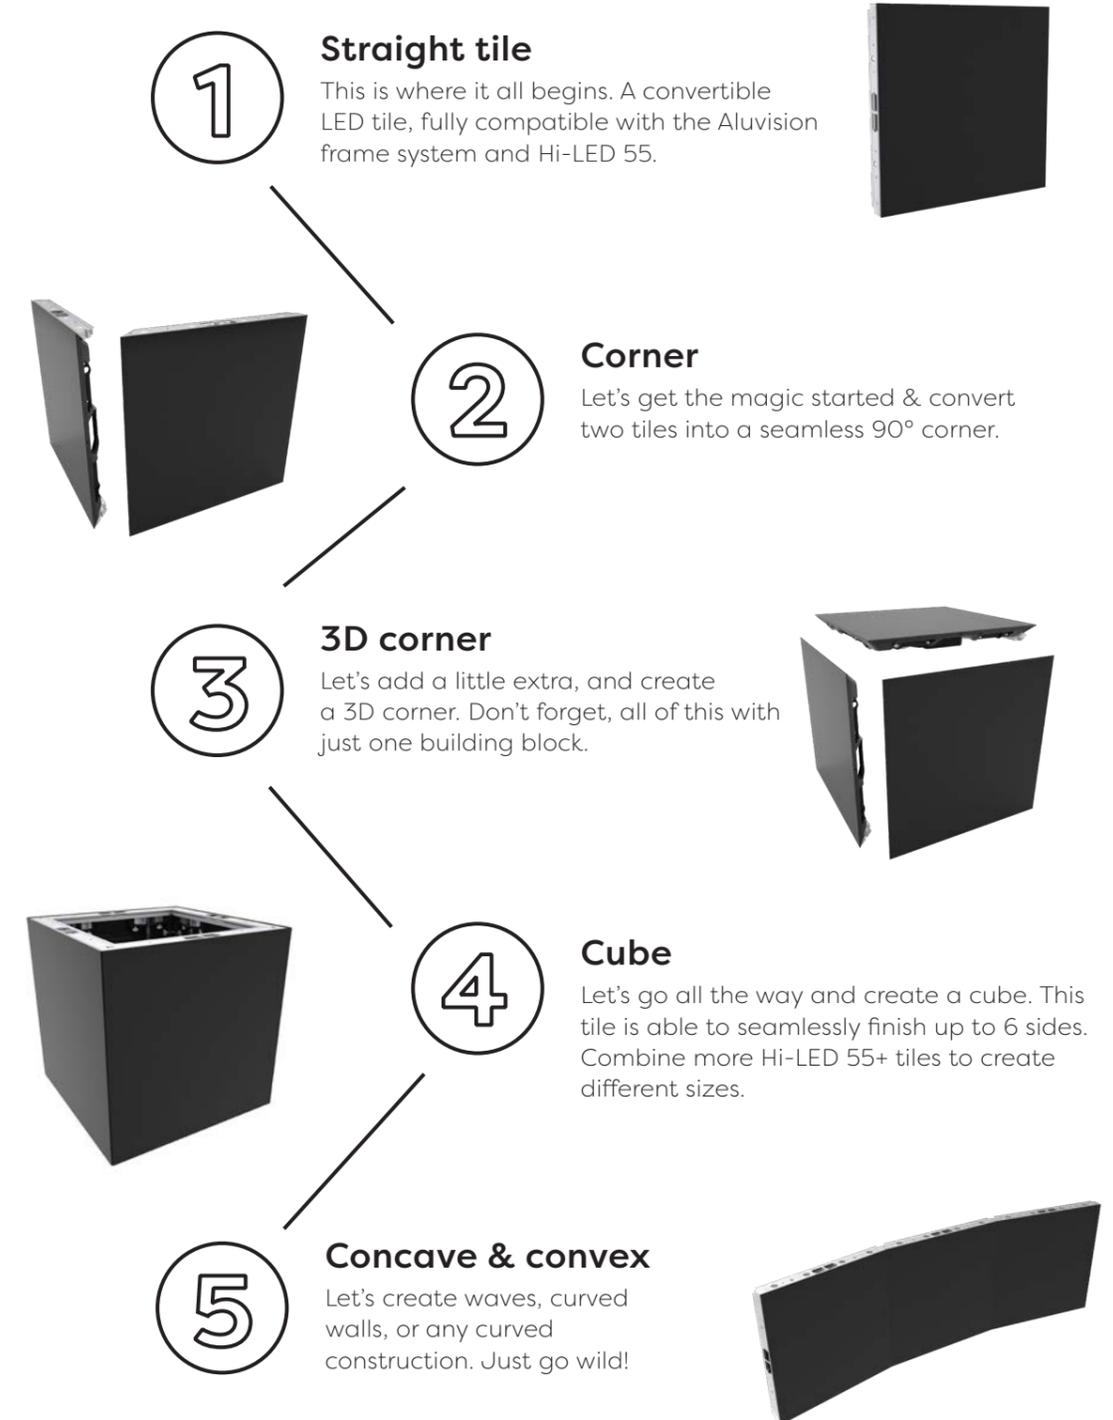

# One tile, endless solutions

## Award-winning Hi-LED 55+

- Pitch 2.8 or 2.5 mm
- All modules have 4 chamfered sides
- Modules are compatible with Hi-LED 55
- Patented

## Transform the most versatile LED tile into 5 different configurations

## A quick how to ...

- 1 Remove**  
Disconnect one side of the aluminium cast of each tile.

- 2 Choose**  
Corners or curves? Add a 90° connector piece to one of the tiles to create a perfect corner or add a connector piece of -5° or -7.5° to create convex walls.

- 3 Connect**  
It's easy as 1-2-3. A quick, easy and toolless installation.

- 4 Impress**  
A seamless 90° corner to create a new and powerful visual experience.

## Secure transportation

- i** Stackable flight case for 10 LED tiles & accessories

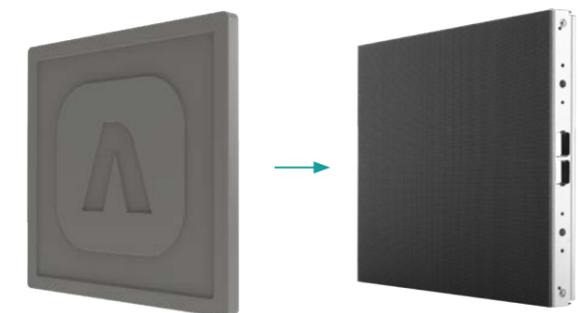

- i** Save space and effort with practical tipping wheels
- Size: 1191x585x763 mm (LxWxH)
  - Gross weight 2.8 mm: 153 kg
  - Gross weight 2.5 mm: 165,8 kg
  - Net weight: 55 kg

- i** Hi-LED 55 module packaging box. Can hold 12 spare modules
- Size: 600x400x320 mm (LxWxH)
  - Net weight: 4,33 kg

- i** Protective cover included with every LED tile

# Endless options for assembly

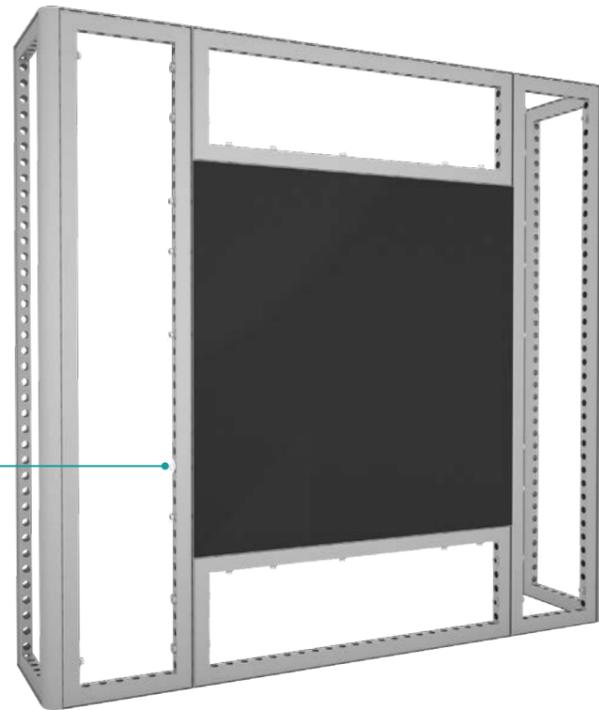

1

## In line

Flush integration of the video wall. Fasten with standard quick tighteners "LS M6/D30\*80".

Quick tightener "LS M6/D30\*80"

2

## Corner

Compatible with all Aluvision corner profiles. Fasten with standard quick tighteners "M6\*30".

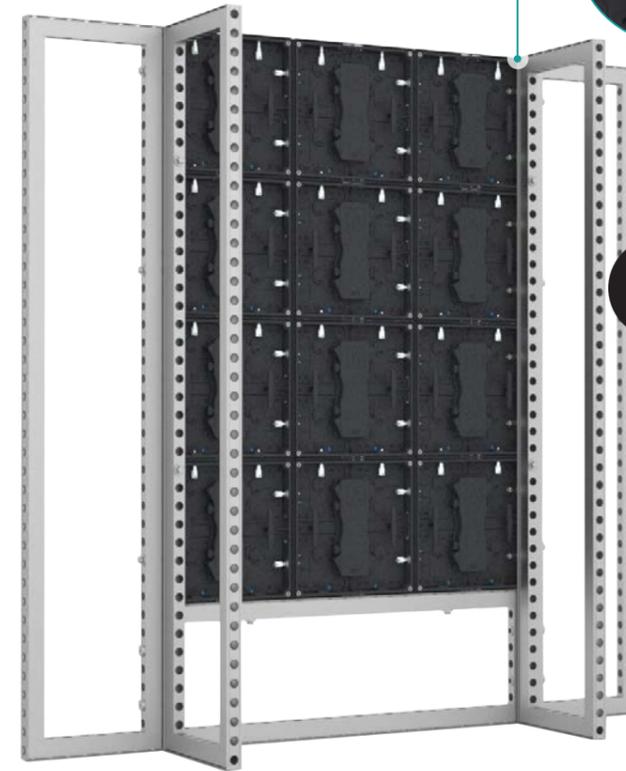

Hi-LED 55 X spacer

3

## Rear support

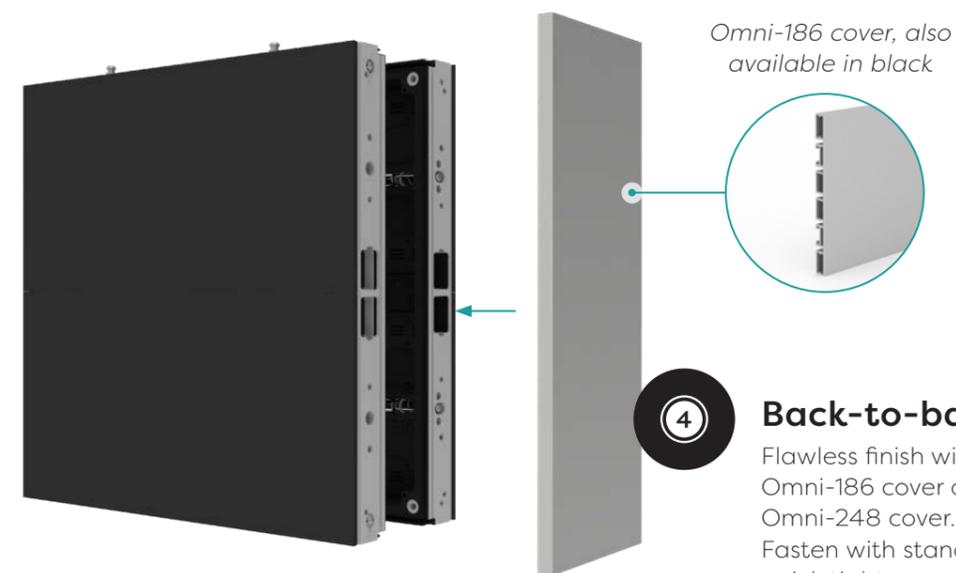

Mount support frames in a 90° position to the back of the video wall. Fasten with standard quick tighteners "LS M6/D30\*80". Place the Hi-LED 55 X Spacers in the corners of your LED tiles to keep the support frames in our modular grid.

4

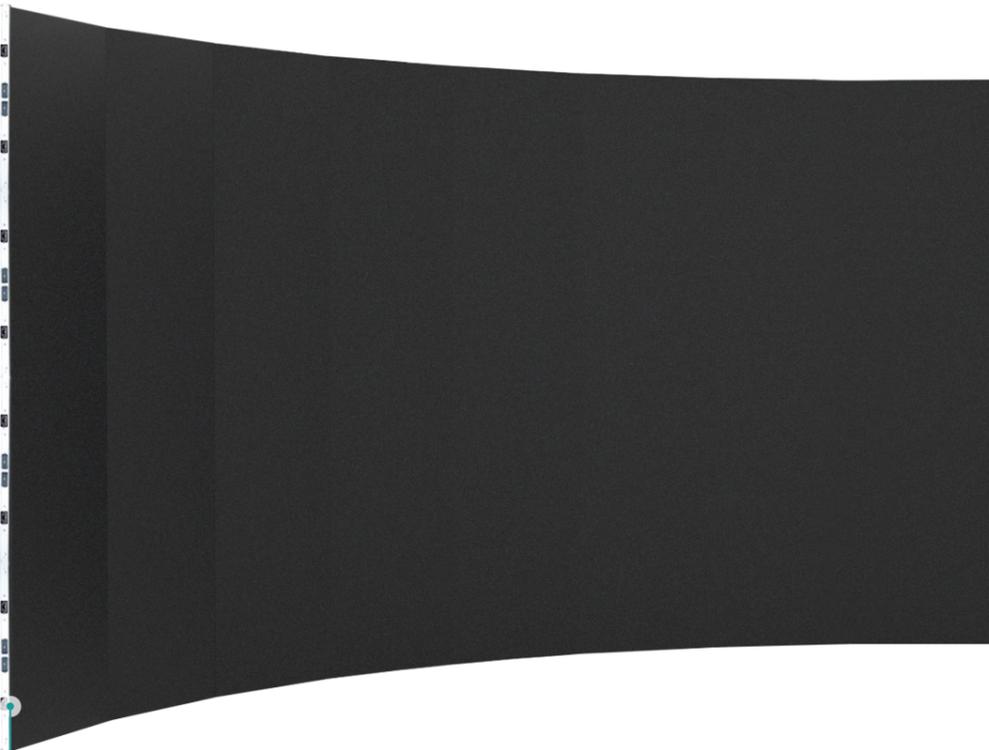

## Back-to-back

Flawless finish with Omni-186 cover or Omni-248 cover. Fasten with standard quick tighteners "M6\*30".

Omni-186 cover, also available in black

5

**Curved**

Use standard straight Hi-LED 55 tiles in combination with colour-coded wedges to create a concave wall.

5°= R 5685 mm  
White wedge

7.5°= R 3792 mm  
Grey wedge

10°= R 2845 mm  
Black wedge

6

**Suspended**

Rigging bar for suspended wall & signage constructions; fixation with standard Quick Lock system.

↙ ↗ Standard lengths: 496, 992, 1488 and 1984 mm

🧲 Magnetic connection for an easy positioning onto the hanging beam

Extra opening for cable management

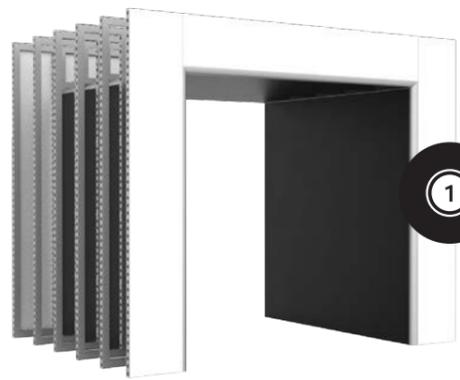

Extra opening to attach an Omni-55 frame

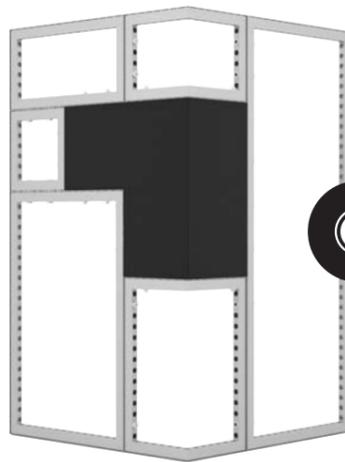

i

(\*) Max amount of tiles to be connected to one sending box: Nova 300 has 2 data ports, controls up to 40 tiles (2.8); 34 tiles (2.5). Nova 660 has 4 data ports, controls up to 72 tiles (2.8); 60 tiles (2.5) and allows easy adjustment of most basic functions. Nova 660 pro has 6 data ports, controls up to 72 tiles (2.8); 60 tiles (2.5). Nova 660 is advised for rental use.

# Curved tiles

Be ahead of the curve with the Hi-LED 55 convex and concave tiles. Available in three different radii, these curved tiles can give your design a new twist.

**Hi-LED R437 concave**

- ¼ circle segment
- Pitch 2.8 or 2.5 mm
- Matches a standard Omni-55 A3 R437 frame v2

**Hi-LED R437 convex**

- ¼ circle segment
- Pitch 2.8 or 2.5 mm
- Matches a standard Omni-55 A3 R437 frame v2

**Hi-LED R1476 concave**

- ½ circle segment
- Pitch 2.8 or 2.5 mm
- Matches a standard Omni-55 A3 R1476 frame

**Hi-LED R1421 convex**

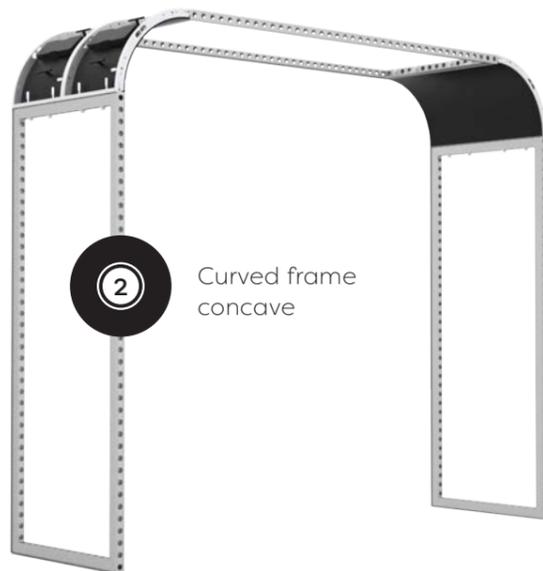

- ½ circle segment
- Pitch 2.8 or 2.5 mm
- Matches a standard Omni-55 A3 R1421 frame
